TERMS—these prices effective on all sales immediately, minimum charge per item 50c. Four ounces or over chargeable at pound rate, three ounces or under chargeable at ounce rate which is 1/10 of pound rate.

All seeds are quoted f.o.b. Guadalupe, California, 60 days acceptance net, less 1% cash thirty days. Invoices payable in U. S. dollars. All overdue accounts subject to sight draft and 1/2% interest charge per month. Bags and containers shall be charged at cost and are not returnable.

We warrant, to the extent of the purchase price, that seeds or bulbs sold are as described on the container, within recognized tolerances. We give no other or further warranty, expressed or implied.

We reserve the right to change prices at any time without further notice. If, due to crop outcome, pro rata delivery be necessary, orders shall be filled on this basis. Crop failure or any other cause beyond our control releases us entirely from delivery.

PAYMENT—should be directed through The Bank of America, Santa Maria, California branch.

INSURANCE—will be covered by us and charged at cost, unless otherwise instructed.

We are wholesale growers and serve only the seed trade. We do not sell at retail, nor to nurserymen and florists.

COMPLAINTS—on outward appearance and on the weight of seed must be lodged within six weeks of date of invoice; those on germination within ten weeks; those on trueness of strain by the end of the first normal blooming season after delivery.

PHOTOGRAPHS—we have a modernized collection of black and white photographs, 4 x 5 size glossy prints, of all listings at a charge of \$1.00 each. Color transparencies in 4 x 5 size are available at \$5.00 each of many items in our listing, and are suitable for the production of high quality four-color plates. 35mm transparencies suitable for slide projection are available at 50c each. We have a loan collection available free of charge of over one hundred fifty slides, advance reservations are requested for this collection.

TRIAL SAMPLES—of all items in our listing are available on request. We are pleased to provide them as we welcome competitive comparison trials.

Though we maintain growing stations in the Arroyo Grande valley and the Los Alamos valley, the Santa Maria valley is our principal growing area. Our main office is located at Fourth & Obispo Streets, Guadalupe, California, TELEPHONE GUADALUPE 2371, cable address "WALLER, GUADALUPE".

FLOWER FRESH CANS

Introduced last summer, our Flower Fresh canning process has met with such success and response, as well as requests for additional items, that we are pleased to announce that we are adding for spot and contract five more species.

Charge for Flower Fresh canned seed is 10% of the unit selling price. This includes cost of can, and shrinkage through loss of moisture which is made up for by increased numbers of seed per pound. The following species are now available for spot or contract in Flower Fresh cans **at your option**. Otherwise, we shall deliver in cloth or paper containers.
